We provide FREE supplies to customers if they mess up their first attempt

** Must email pictures of impressions to us prior to receiving replacement putty. **

Taking Impressions

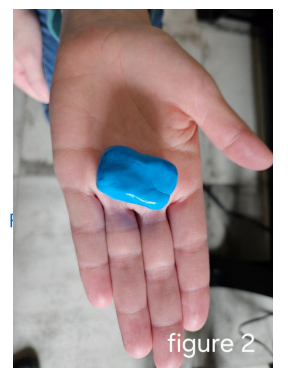

NEED HELP?
Contact us at info@customnailtray.com
[PHONE NUMBER]

2 Mixing

- Refrigerate 5-10 min before mixing
- Mix cups A & B until uniform color (max 25 seconds)
- No white putty should be visible

3 Making the Cube

- Immediately roll putty into a tube
- Then form a cube

4 Placing Putty

- Place putty over nail quickly
- Wrap around toe/finger nail
- Apply pressure to pick up details

TIP: Place mirror behind toenail to observe putty placement

5 Wait

- Remove ONLY after 5 minutes
- Write number on impression with permanent marker
- Number 1-10, left to right

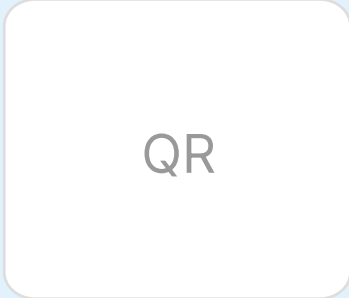

TIP: Left pinkie = #1 Right pinkie = #10

6 Quality Check

Get impressions approved

BEFORE sending back to us
Email impression photos to: info@customnailtray.com

Scan QR code and watch:
[How to Take Impression Photos](#)

7 Returning Impressions
